

Marcin Kiciński

Subjects: Transportation | Engineering, Civil

Contributor: Marcin Kicinski

Keywords: sustainable transport ; MCDM ; optimization transport ; mathematical modeling ; public transport ; logistics

Basic Information

Name: Marcin Kiciński
(Jul 1975–)

Birth Location:	Środa Wielkopolska, Poland
Title:	Scientist
Affiliations:	Poznań University of Technology, Hipolit Cegielski State College of Higher Education in Gniezno
Honor:	Unknown

1. Current Research Interests

- Freight and passenger transport and logistics,
- Sustainability transport and logistics,
- Transport infrastructure development,
- Military logistics (military air bases),
- Transport accessibility.
- Methods and techniques: multicriteria decision making (MCDM/MCDA), multiple criteria optimization, mathematical modelling.

2. Education

- 2014-2015: postgraduate studies: project manager of research and development, WSB University (University Schools of Business), Poznan (Poland)
- 2000-2012: Ph.D., Poznan University of Technology, Poznan, Poland (multiple criteria decision making in bus public transport company)
- 2004: Faculdade de Engenharia da Universidade do Porto, University of Porto – Portugal (fleet management in public transport)
- 1995-2000: M. Sc. (Eng.) in Transportation Engineering, Poznan University of Technology (Poland)
